

### Discussion of points & Queries

As a customer, I want to enroll in the loyalty program

1. Do we have web version for the loyalty app
2. For New Customer will there be register button or New User
3. If we download the app and register, will there be any bonus points added to my account

a

As a program participant, I want to check my balance of reward points

1. Already a registered customer signed in successfully.
2. Reward points option appearing under the Profile settings
3. If there is LHN, then rewards points option appearing in LHN
4. If clicked on reward points it navigates to respective page with points appearing

b

As a program participant, I want to redeem some of my points for a reward

1. Rewards points automatically getting detected once the item is checked out for payment
2. Is there is checkout with reward points where once checked that reward points gets applied to the item

c

### Test Case

SNO
